Education

Computer Engineering Technology CITE TECHNICAL INSTITUTE	2022–2025
STEM – SENIOR HIGH SCHOOL Academia del Christifidelis	2020–2022
JUNIOR HIGH SCHOOL Academia del Christifidelis	2020–2022

Experience

Fullstack Jr. Developer
Vismotor Corporation – Cebu City November 2025 – Present

- Developed and maintained a centralized Company Portal using CodeIgniter (PHP), MySQL, JavaScript, jQuery, and Bootstrap to streamline internal operations.
- Designed, developed, and enhanced core portal modules, including:
- Task Management
- Project Management
- KPI Management
- User Directory
- Company Announcements
- Password Manager
- User Shortcuts
- Implemented secure user authentication, role-based access control (RBAC), and permission management for different user roles.
- Designed and optimized MySQL database schemas, relationships, stored procedures, and SQL queries to improve application performance and data integrity.
- Built responsive and interactive user interfaces using Bootstrap, jQuery, HTML5, CSS3, and AJAX for a seamless user experience.
- Developed CRUD functionality, approval workflows, activity logging, search and filtering, and reporting features across multiple modules.
- Utilized AI-assisted development tools such as OpenAI Codex and Claude Code to accelerate development, improve code quality, and enhance productivity.
- Technologies: PHP, CodeIgniter, MySQL, JavaScript, jQuery, Bootstrap, HTML5, CSS3, AJAX, Git, OpenAI Codex, Claude Code.

Web Developer Intern
Vismotor Corporation – Cebu City February 2025 – October 2025

- Developed and maintained web applications using PHP, JavaScript, MySQL, and CodeIgniter.
- Built modern full-stack systems with React.js, Node.js, and Express.
- Applied C, C++, and Java in academic and project-based applications.
- Collaborated with team members to integrate APIs, optimize databases, and improve system performance.
- Designed responsive UI/UX layouts with Bootstrap and Tailwind CSS.
